[Custom Furniture & Woodwork](#)

For the past 25 years, I've had the joy of working with wood, and for fifteen of those, I've run my business here in Asheville, North Carolina. My true passion lies in transforming wildly unique pieces of wood into creations that straddle the line between furniture and art—sometimes it's hard to tell where one ends and the other begins. Beyond that, I'm drawn to a variety of projects, especially designing seating. I've crafted a collection of stools and chairs that are staples in my shop's workflow. What truly ignites my enthusiasm, though, is the deep connection and lasting relationship that forms with clients through the custom design and build process. Time and again, saying 'yes' to a client's vision has pushed me to stretch my skills and grow in ways I never expected.
