

Mountain Mike Ayers

Chainsaw Carver

[Whetstone Wood Works](#)

I'm Mountain Mike Ayers, and I specialize in chainsaw carvings and rustic furniture. I'm an international speed carver and a Masterpiece carver, and my place is a chainsaw carving Mecca of epic proportions. You'll find me right in the heart of the Smoky Mountains, just outside Smoky Mountain National Park. I can—and will—carve anything you can dream up, as long as I can get my hands on logs big enough to make it happen. My chainsaw carvings range from a foot tall up to 14 feet. Swing by my shop in Maggie Valley to check out my latest hand-carved creations!
